## **Heather Johnston—Director**

They say time flies when you're having fun, and I'd say we have been having a lot of fun riding this summer! The Four Rivers Frenzy trip was a great time and I'm so thankful to have gotten to spend time riding beautiful roads and hanging out with our brothers and sisters who were there. A big shoutout to our Trip Advisor, Corey, and to our Head Road Captain and my fellow Primary Officers for their help in ensuring the trip was a success.

As we head into autumn, there will be a Fall Movie Night on October 15th at 6pm at the delae. Mark your calendars for our Holiday Party on December 10th. More details to follow.

For those who missed the announcement, you can check in your Ride365 miles at the September meeting. Joe M from LakeShore will be coming by to check in anyone who needs their mileage checked.

Until then, ride safe and enjoy the road.

I have a feeling there will be quite a buzz in the air, now that our 2022-chapter trip is in the books! The rides, the smiles, the laughs, and just hanging out... what an amazing time! I certainly don't want to leave anyone out with all my talk about the fun, so if you were not able to attend this year, I hope you can make it for wherever we go in 2023! That trip, (well honestly all of them) was a blast!! The dates are usually announced at the January sign up, giving everyone plenty of time to block their calendar. Hope you will consider for next time.

Although, looking at the next few weeks, we are rolling into some of the best days of riding. So, stay active, get that activity card signed come join us on the many rides scheduled, because the only rides you will regret are the one's you don't go on!

going that extra mile...

Well. It's that time of the month again. The old months just seem to be flying by, already the end of the August. The Chapter get away is over and I believe that everyone had a good time. Would like to thank Corey Johnston (Travel Advisor) for putting together the routes down to Paducah KY and the rides through Missouri, Kentucky and Tennessee.

As I put out at the Chapter Meeting, our Financials are very Solvent.

**Hello September!**

There is still plenty of riding to do and things to see. The chapter just got back from the chapter trip, Four Rivers Frenzy. It was a wonderful time and so many laughs. A big thank you to the primaries and all that helped plan a wonderful trip. A special thank you to, Corey Johnston for all the rides that he put together( I think he was tour guide in his previous life because boy can he get you on some pretty cool roads. If you did not go on this trip, you really need to plan to go on the next. It is always a great time.

### **Head Road Captain**

Howdy everyone,

Still catching my breath from our chapter ride this week. It was beautiful, great roads, lots of fun and really great friends. We even had a few of our chapter members that have moved away, join us. Anne and Ray Weimer and Bob Montgomery (both past directors and Anne our past membership officer). I'm a past director, but can't see me moving south anytime soon. Everyone that knows me, knows I much prefer cooler days. Sleeveless in 50 degree weather... ;—)

I do have one bit of advice from my last two trips and that is check your rain gear **BEFORE** you go on long trips. I bought Sammie's and my gear in 2003 and it worked great till this year. We went to Osage Beach/Lake of the Ozarks, 2 weeks ago and got caught in the rain and got completely soaked. Couldn't figure out why we where so damn wet. After we got to our condo and did an inspection, we found cracks and splits along the seams in multiple places. It's safe to say that gear that is kept in your saddle bags for most of the time, year round appears to dry rot. Bought new gear for the Four Rivers Frenzy and on our trip down (in the pouring rain), stayed dry and comfy. Well as comfy as one can feel in a downpour. Ha Ha... So inspect that rain gear each year and replace it sooner rather than later. Your clothes and you will greatly appreciate it... LOL...

Last thought, if you were unable to attend our chapter ride this year, you truly missed a great time and some wonderful rides and laughs. So next year, try to get it on your calendar. It is always fun and a great time to get away with your brothers and sisters from the chapter and see new places...

See you next month...

## **Doug Cherry—Safety Officer**

Hello Fellow HOG Members,

Some of us have returned home from our trip to Paducah. We had a lot of bikes and some sketchy weather conditions in the Chicago area both leaving and coming home but I'm happy to say we all made it home SAFELY and without incident. Clearly, my previous articles about riding in these adverse weather conditions paid off, everybody did great! Okay, okay, so it wasn't my articles that made the difference, but I hope they helped someone in some meaningful way. I had several takeaways from the trip but one thing stood out in particular. Our way of riding as a chapter works really well on roads and in areas we are not familiar with.

My article will be brief this month (did I just hear someone shout thank God!) I have had the opportunity to ride with other motorcyclists who are not members of our chapter and boy, what an eye opening experience that is. A Lot of motorcyclists like to ride on their own and when they do ride with other people it's an every man for themselves attitude. Riding in a staggered, safe formation...no. Hand signaling so the people behind you know which way we're going...you didn't receive my mental vibe on which way we were going? Riding at a speed level where everyone can feel safe, especially at night...for getta bout it. My point is, this chapter does group riding the right way. Weather (yes, pun intended) the conditions are perfect or less than perfect, our group knows how to make it through and do it safely. In my humble opinion, it's not just about the ride, it's about being able to do the ride again and again and again...safely!

So, there you go, no tips this month, just glad to be part of a group of people that do riding the right way. Keep up the good work, put your training into practice and hey... Hey! Let's be careful out there...

# Teddy Bear Corner

Hi everyone,

First off, I want to thank Dave Jones for his donation to the Teddy Bears, by giving away scratch tickets on his Baby Butt 500 ride, with the stipulation that if the participants got a winner, they'd share half of their winnings with the Teddy Bear fund. That was awesome and the members definitely did turn in their shares. Great idea and everybody won... ;—)

I also want to thank all of the different members that share in their winnings from our 50/50 drawing each month. It is truly appreciated.

Plans for the "Teddy Bear Bingo" are in the works and the date will be announced soon. Dec. 17th will be our annual "LOH Bake Sale" and the proceeds from it will go to buying more bears.

Remember that if you want to drop something off at the dealership, the collection bin is in our H.O.G. corner.

Fall here we come, let's ride...

Thank you,
